ASSIGNMENT 2

🔖 Batch	DT354-3 (Both Groups)	TU Dublin
🔖 Module	Dynamic Programming Languages	Continuous Assessment
🔖 Submit To	Rana Zeeshan , Brightspace	35 Marks

DESCRIPTION :

Create a Bootstrap based website that has 3 web pages :

- Home
- About Us
- Contact Us

Here is the link for Bootstrap examples :
https://getbootstrap.com/docs/5.1/examples/

Common Directions for All Pages :

- All 3 pages will have a Header Menu & Footer, with Links to other pages, and some demo links.
- Header and Footer styles must remain common.
- There should be a uniform color scheme, in all pages.
- Your major brand identity color is : <u>First 6 numeric digits of your student Id</u>.
  For example: If my student id is CX1278002 , then my main color is #127800
- You can use more colors of your choice, as long as they compliment your main color. But the usage of Main Color is a Must.
- You can use this website to generate demo text/paragraphs and images :
  https://loremipsum.io/
- Although each page has some directions provided below, you are allowed to be as creative as you wish. Use different Bootstrap elements wherever you can. Refer to this page for the elements :
  https://getbootstrap.com/docs/5.1/examples/cheatsheet/

Home page directions :

- It should be saved as index.html
- It should have a Carousel slider on the top, with 3 slides. Then there should be 3 headings with short descriptions, icons and buttons. Then 2 sections of paragraphs. *You can refer to the Carousel example in the provided link, to get started*.
- Then you need to add 3 pricing tables, with random features and subscription rates.
- Then 2 more paragraph sections with different background colors.

About Us page directions :

- It should be saved as about.html
- It should have a Title Heading on the top, with a nice background.
- Then there should be 3 headings with icons and buttons.
- Then 1 paragraph section with a different background color.
- Then there should be 3 headings with short descriptions, icons and buttons.
- Then 1 paragraph section.
- Then a team section with 3 persons (Images, Names, Positions).
- Then a table, with 10 demo entries, and 3 columns as : Product Name, Category, Annual Sales.
- Then 1 paragraph section.

Contact Us page directions :

- It should be saved as contact.html
- It should have a Title Heading on the top, with a nice background.
- Then there should be a contact form with Name, Email, Phone, Message and Submit button.
- Page should also have some contact information, like Phone Numbers, Emails and address of company's offices etc, with icons.
- Then 1 paragraph section.

NOTE :

Marks Breakdown : (Total 35)
